

HOWSON DAM & CITIZENS POND COMMITTEE
NEWSLETTER
NOV 11,2020

Previously I had mentioned that the RFP or terms of reference for the Howson Dam was to be received at the Wingham town hall by Sept 25/20. Unfortunately, there were some technical errors in the RFP, so it had to be resubmitted to the engineering community. The new closing date for the RFP was Nov. 9/20.

I am not certain when the chosen contractor/contract will be delivered to North Huron Council. I will keep you posted.

I hope that you have been able to enjoy this great weather, even without the pond.

Although we have been encouraged to not attend the memorial service today, I hope that you will reflect on our wonderful community and think about the young men and women who offered their lives for us.

Stay safe.
Rennie Alexander, H D & C P C chairperson
