Newsletter #14  
2016

July 11,

Hope everyone is enjoying their summer.

It has been almost 2 months since our last update. On June 22,2016 - RFP's (request for proposal) have been sent out by Jeff Molenhuis (*Jeff Molenhuis* is the first official face of the North Huron/Morris-Turnberry shared services agreement. Hired as the municipalities' Director of Public Works) stating -"The Township of North Huron (hereinafter referred to as the "Township") is seeking a qualified consultant (hereinafter referred to as "Consultant") to provide the necessary professional services for an Environmental Assessment to help guide the decision making process and provide a recommendation for the Howson Dam in Wingham, Ontario."

Now we are waiting on the Consultant selection and the EA process to begin.

We have added some new content to our website. In the "Recent News" page - pictures of the Canada Day Fireworks have been added. On the "Wildlife on the Pond" page - names have been added to identify the types of various wildlife. A few new pictures have been added to the "Recreation on the Pond" page.

These can all be found at <http://savethehowsondam.weebly.com/> Feel free to browse through these pages and be sure to forward this information to your family and friends.

Hope to be adding more information soon.
