

Newsletter #17

[Campaign Preview](#)[HTML Source](#)[Plain-Text Email](#)[Details](#)

There was a great turnout Thursday, Sept.29th for the Environmental Assessment process meeting. Such a large crowd at the beginning that the presentation had to be earlier so a second presentation could be done for those waiting to get inside.

Thank you to everyone that was able to come out.

If you didn't get a chance to go to the meeting - a link to North Huron's website is available here for viewing.

<http://www.northhuron.ca/publicworks.php?area=de48>

Along with the video is space for comments that goes directly to Jeff Molenhuis - director of Public Works. It is mentioned several times in the video that they need these comments to proceed. More information is to be added to this site.

Here's another link <http://savethehowsondam.weebly.com/> where a downloadable copy of the Comment sheet can be printed. Please print as many copies as needed for friends and relatives that don't have email or internet access. Only 1 signature per comment sheet will be counted.

Also mentioned in the video is another public meeting to take place. Time and place to be determined.

Comment sheets are to be in by October 14, 2016

Comments can also be sent to howsondamrepair@gmail.com and arrangements can also be made for pick up of printed copies.

Enjoy your Thanksgiving (good time to fill out sheets with family and friends)
